PROJECTS

Personal Portfolio Website: Designed and developed a responsive personal portfolio website to showcase my skills, projects, services, certifications, and professional experience. Built using HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL, the website features a modern user interface, project portfolio sections, skill showcases, contact forms, blog integration, and detailed information about my web development, digital forensics, OSINT, and technology expertise. **Website:** <https://manoj-bhatta.com.np>

Tech Blog Website:- Developed a content-rich WordPress blog using Elementor for publishing technology news, graphic design tutorials, ethical hacking courses, and project documentation. Features include category-based navigation (Tech News, Courses, Projects, Notes), custom blog layouts, SEO-optimized posts, and responsive design for a seamless user experience. **Website link:** <https://bhattamanoj.com.np>

E-Commerce Business Website: Designed and developed a responsive WordPress and WooCommerce-based e-commerce website for a building materials supplier. The platform showcases and sells products including paints, sanitaryware, tiles, and construction materials from leading brands such as Cera and Berger Paints. Implemented product catalog management, inquiry forms, mobile-friendly design, and SEO optimization for enhanced user experience and online visibility. **Website:** <https://sapremsuppliers.com/>

Kaanooni Sahayatri (Law Firm Website) Designed and developed a professional WordPress website for a Nepal-based law firm, featuring legal service information, document assistance, company registration services, consultation booking, contact forms, and a responsive user-friendly design. **Website:** <https://kaanoonisahayatri.com>

Love Calculator: This love calculator is designed to calculate the compatibility between two people based on their names. While it's meant for fun, many people enjoy seeing what percentage they get with their loved ones!
